

TEMPORARY STAFFING SOLUTIONS FOR EXPLORATION AND MINING

One of the most persistent challenges when operating in the Resource sector is that of cost management and the ability to engage the right talent to get the job done - particularly when faced with short timelines.

While MinePros traditionally has focused on permanent recruitment services, we are excited to be able to offer our clients a full suite of services with our temporary and temp to perm staffing solutions that will give you the edge and ability to adjust to rapidly changing environments and making your workforce needs more flexible.

Adapt your hiring strategy

We provide all levels of staffing and support services that you may need for your project, including technical and non-technical labour. Our solutions are designed to get your team and project moving in the right direction and allow you free time to focus on bottom-line initiatives. Whether it's for a day, a week or ongoing, we can staff your project with quality personnel and partner with you for success.

We can put together the team and results you need in a timely and efficient manner and relieve you the burden of hiring and administration.

Reduce costs

Staff up or down easily in response to business and market fluctuations, protecting your permanent workforce and controlling costs. MinePros will take on the burden and administration of payroll, workers compensation and mandatory provincial and federal tax requirements, saving you time and money with a single invoice.

We partner with you

We work closely with your team to ensure our temp staffing solutions support your workforce strategies. We can be the single resource that can manage all aspects of your workforce needs including the burdens of time, administration and sourcing and giving you the human resources you need.

Our top performers are always looking for their next opportunity to contribute to the bottom line and success of a company.

Temporary to Permanent – Try before you buy

For some organizations the best way to predict a candidate's success is to observe that person in your organization, interacting with other employees and performing in your team. With MinePros temporary-to-permanent hiring strategy, you can see a candidate in action, and develop a true understanding of his or her skills and capabilities. This translates into successful performers becoming valuable employees.
